

Céline d'Orgeville to Gerard, Paul, Alexander, Christopher, Stephen, Brian, Wen, Celine

Sep 19

Dear all,

Here are some preliminary answers from the ANU laser vendor, Arete Associates. I'd like to plan a telecon with Greg Fetzter (Arete principal investigator for the ANU laser) and the team to discuss. We may do this on Friday morning if the time works out for him.

Cheers,  
Celine

Here are my markups. These are all great questions. We should plan a discussion with the students so that they get some perspective of why some things are hard and others not so hard. And perhaps most importantly the interplay of the various issues.

Greg
